

EarthEnergy Limited

Installer Profile:

EarthEnergy Limited are the longest established ground source heating specialist in the UK, working from our head office in Falmouth, over the last 12 years we have installed over 700 heat pump systems throughout the UK.

EarthEnergy Limited are completely independent and are therefore able to pick the most appropriate heat pump for your project from a number of manufacturers.

We are able to design and supply ground source heat pump systems suitable for everything from a single domestic property through to large commercial buildings.

As an independent specialist we are able to offer completely unbiased and honest advice about the suitability of your project

Services / products on offer:

Ground Source Heat & Cooling Systems and Air Source Heat Pumps.

LCBP accreditation reference no. 2118130
